1. About SRCC Free Classroom Finder & Architecture

The **SRCC Free Classroom Finder & Student Academic Portal** is a high-performance web platform built to solve daily academic coordination challenges at Shri Ram College of Commerce: finding available classrooms for **Group Discussions (GD)**, case study competitions, tutorial revisions, society meetings, and self-study.

Covering all **96 instructional rooms** across the campus (including Main Building lecture halls, Tutorial wings, Principal Bungalow, Sports Complex, and Computer Labs) and tracking **210 faculty schedules** across 9 daily periods, the platform synthesizes complex scheduling information into an intuitive, real-time portal. Timetable data is synchronized directly from the official college timetable portal (srcccollegetimetable.in), guaranteeing verified accuracy.

The platform operates with zero required logins, instant loading, complete offline capability, and progressive web app (PWA) installation for Android and iOS smartphones.

2. Access and Progressive Web App (PWA) Setup

The portal can be accessed directly from any modern web browser on desktop, tablet, or smartphone devices:

Website URL: https://anand-srcc.github.io/srcc-free-classrooms/web_app/

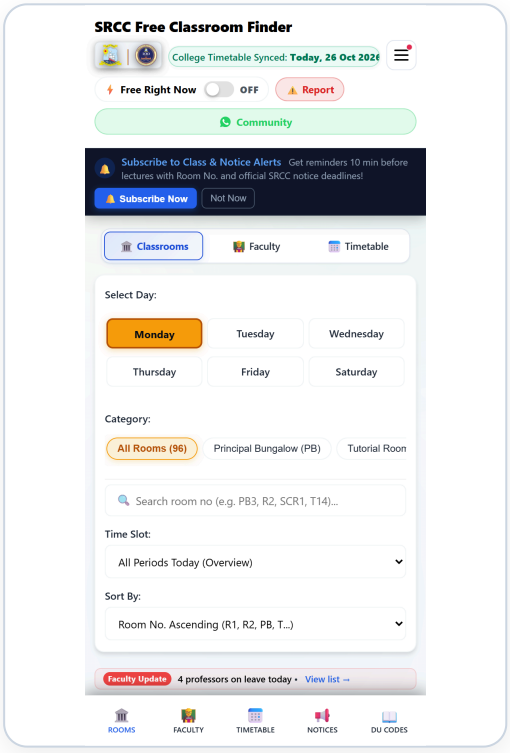

Figure 1: Portal Landing Page & Top Branding on Mobile Web

3. PWA Installation on Android & iOS Devices

Installing the application directly to your mobile home screen provides an app-like fullscreen experience, instant offline caching, and faster load times without requiring an app store account.

For Android Devices (Google Chrome / Brave / Edge):

1. Open the website in your browser: https://anand-srcc.github.io/srcc-free-classrooms/web_app/.
2. Tap the "**Install SRCC Rooms**" prompt banner that appears at the bottom of the screen, or tap the three dots (⋮) in the top-right corner of your browser.
3. Select "**Install app**" or "**Add to Home screen**".
4. Tap **Install** to confirm. The official centenary icon will appear on your device launcher.

For iOS Devices (Apple Safari):

1. Open the portal URL in **Safari**.
2. Tap the **Share** button (box with an upward arrow) at the bottom toolbar.
3. Scroll down and tap "**Add to Home Screen**".
4. Tap **Add** in the top-right corner. The app icon will be pinned to your home screen.

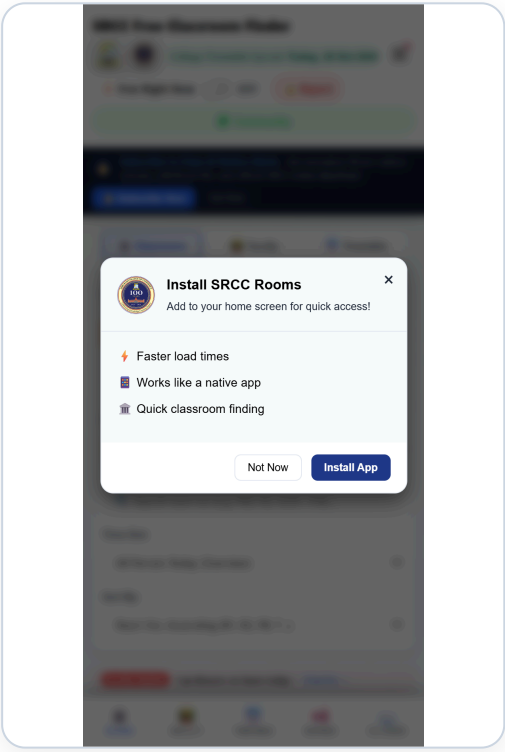

Figure 2: PWA Installation & Add to Home Screen Prompt

4. Navigation Drawer & Campus Student Portal Menu

Tapping the responsive menu button (three vertical dots on desktop, hamburger bars on mobile) opens the slide-out **Campus Navigation Drawer**. It acts as the central academic hub, connecting students directly to **SRCC Notices**, **DU Exam Codes**, and **10-Min Class Alerts** (supporting both Students and Faculty).

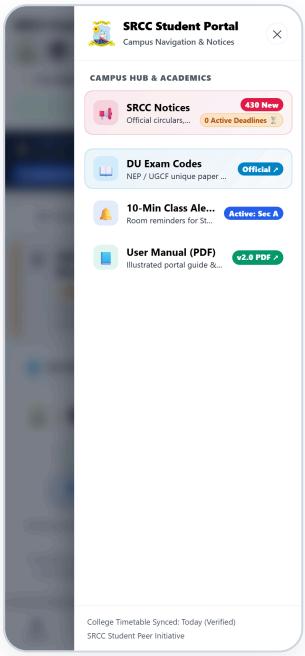

Figure 3: Campus Drawer Menu

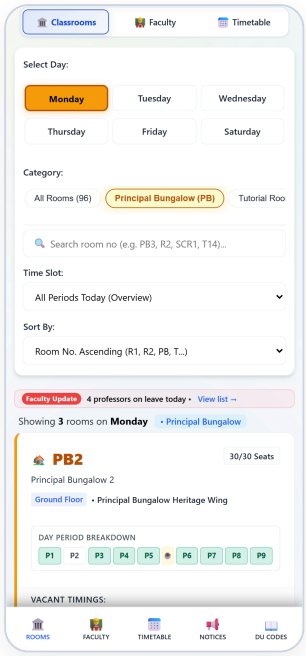

Figure 4: Room Cards Overview

5. Classroom Vacancy Locator & Wing Filtering

The **Classrooms** tab scans all 96 college rooms across the campus. Students can filter rooms by architectural wing using Category Pills: **All Rooms (96)**, **Principal Bungalow (PB)**, **Tutorial Rooms (T)**, **Sports Complex (SCR)**, **Classrooms (R)**, and **Computer Labs (CL)**. The **Day Picker** allows instant switching between Monday and Saturday.

6. "Free Right Now" Real-Time Quick-Toggle & Lunch Recess

Located directly in the header strip, the ⚡ **Free Right Now** switch automatically detects the current college period based on device clock time. Flipping the toggle to **ON** instantly filters out all occupied rooms, presenting only rooms that are vacant right at this moment.

- **Clock-Synchronized Detection:** Seamlessly transitions between Periods 1 through 9.
- **Immediate Availability:** Room cards indicate how long the room remains empty (e.g., "*Vacant until* 1:30 PM").
- **One-Tap Reset:** Switching off restores the complete 9-period daily schedule overview.

> 🍽️ **Universal Lunch Recess (1:30 PM – 2:00 PM):** During recess, the platform dynamically displays an amber notification banner confirming that all 96 classrooms and tutorial rooms are universally available for group discussion and lunch.

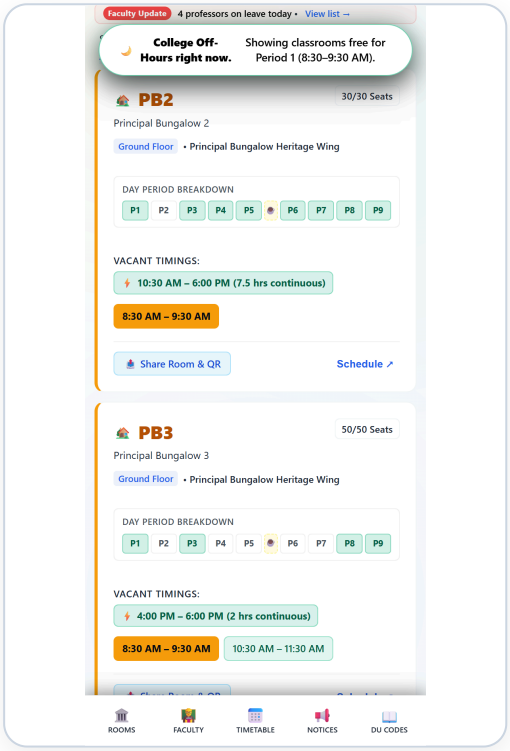

Figure 5: "Free Right Now" Real-Time Quick-Toggle Active

7. Room Occupancy Timeline Modal (9-Period Breakdown)

Tapping any room card opens the **Room Occupancy Timeline Modal**, presenting a complete chronological table of all 9 periods for that room. Occupied slots display the subject, course semester, section, and scheduled professor (with 1-tap link to their profile). Vacant slots are highlighted in bold green (**Empty / Free for GD**).

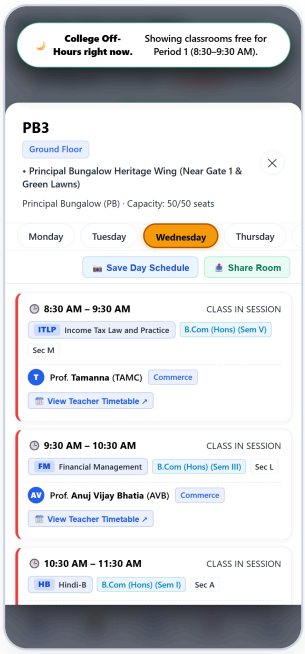

Figure 6: Room Schedule Timeline

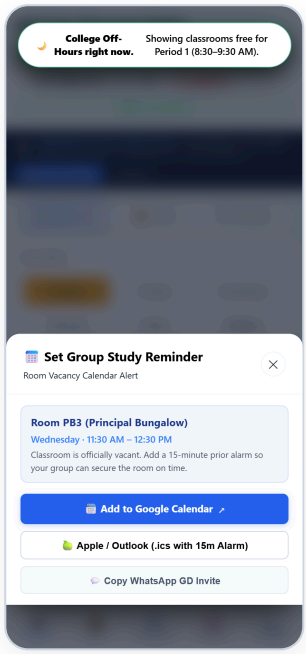

Figure 7: Calendar Alert Modal

8. Group Study Coordination & Calendar Reminders

Tapping the calendar icon next to any free period opens the **Group Study Reminder Modal**. It provides a direct **Google Calendar link** (with preconfigured 15-minute advance alert), an **Apple / Outlook `.ics` file**, and a 1-tap formatted **WhatsApp GD Invite** generator.

9. Faculty Locator & Teacher Directory (210 Faculty)

Switching to the **Faculty tab** opens the directory of all 210 faculty members across Commerce, Economics, Mathematics, Computer Science, Political Science, EVS, Hindi, English, and Physical Education. Students can filter by department, search by name or teacher code, or use the **Live Status Filter** (*Teaching Right Now*, *Available Now*, or *On Leave Today*).

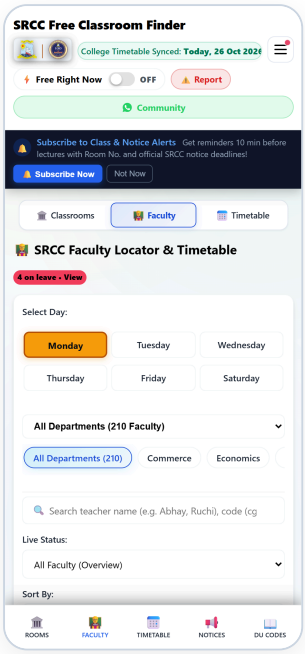

Figure 8: Faculty Directory Search

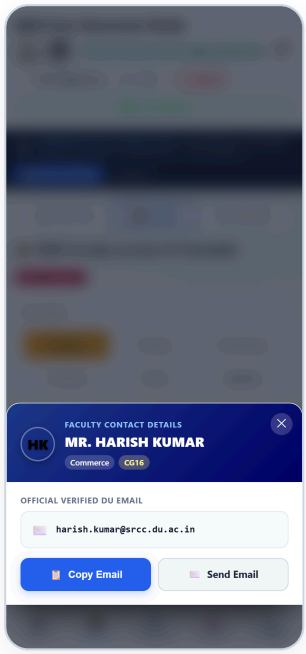

Figure 9: Faculty Verified Email Modal

10. Faculty Contact Details & Verified DU Email Copy

Tapping the email button on any teacher card opens the dedicated **Faculty Contact Modal**. It presents the professor's official verified University of Delhi email (`@srcc.du.ac.in`), teacher code, and department. The "📋 **Copy Email**" chip copies the address with an instant confirmation toast, preventing typos and avoiding accidental external mail app launches.

11. Faculty Weekly Timetable & Profile Share

Tapping a teacher card opens their complete **Weekly Timetable Modal**. Students can review scheduled lectures, tutorial batches, and assigned room numbers from Monday to Saturday. Tapping any room number jumps directly to that room's vacancy card. The "📤 **Share Faculty Profile**" button creates a WhatsApp sharing link.

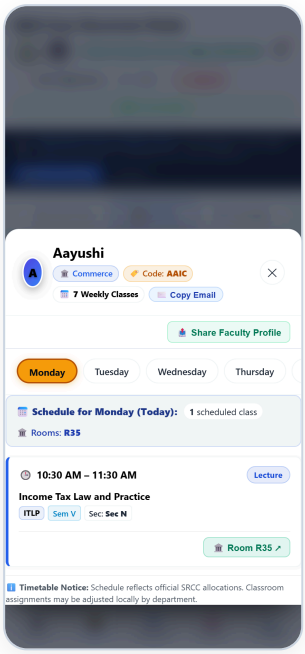

Figure 10: Teacher Timetable Modal

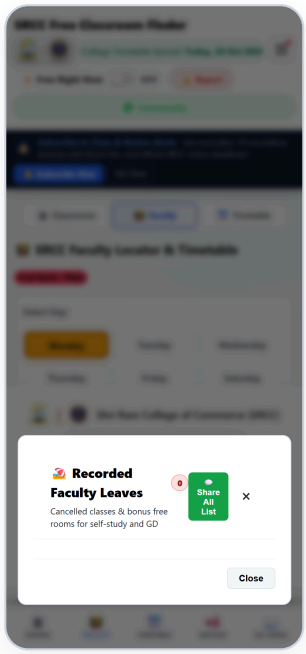

Figure 11: Recorded Leaves Modal

12. Recorded Faculty Leaves & Bonus Free Rooms

When faculty members are on leave, their assigned classrooms sit empty. The **Faculty Leaves module** connects official absence notices directly with the Classroom Finder. Rooms scheduled under absent professors are dynamically unlocked as "**Bonus Vacant Rooms**" for self-study. The "💬 **Share All List**" button generates a clean summary for CRs and batch groups.

13. Student Academic Timetable Explorer

The **Timetable tab** provides complete schedules across all programs: **B.Com (Hons)** (Sections A to N), **B.A. (Hons) Economics** (Sections A to D), and interdisciplinary **SEC / VAC** courses across Semesters I, III, V, and VII. Selecting your course, section, and batch renders daily lectures, teachers, and rooms in sequence.

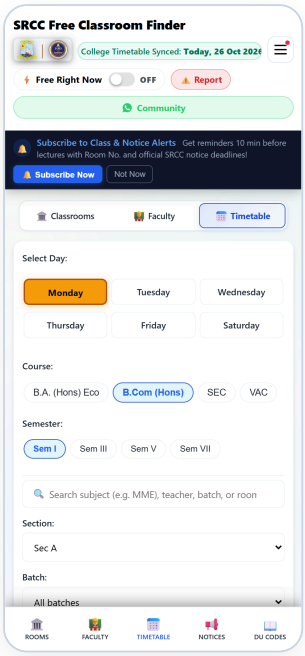

Figure 12: Student Timetable Cards

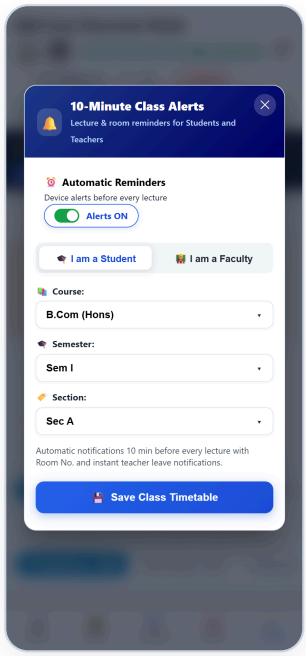

Figure 13: Class Alert Settings

14. 10-Minute Class Alerts for Students & Faculty

Accessed via the campus drawer or timetable view, the **10-Minute Class Alerts** modal allows both students and faculty members to configure automated reminders. Students receive notifications 10 minutes before their section's lectures with room numbers and faculty leave alerts. Faculty members can select their name and receive automated reminders 10 to 15 minutes before every scheduled lecture with their room number, course, semester, and section.

15. Official College Notices & Circulars Hub

The **Notices tab** provides a centralized stream of **430+ public college circulars** synchronized from `srcc.edu/announcements`. It includes real-time category filtering (📋 **All Notices** vs ⏳ **Active Deadlines**), keyword search (Admit Card, Attendance, Orientation, ECA, Scholarship, Datesheet), and direct links to official documents.

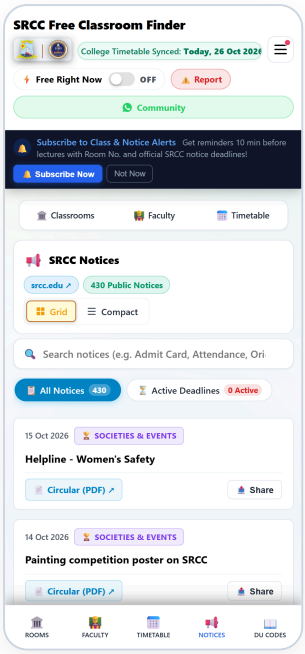

Figure 14: College Notices Hub

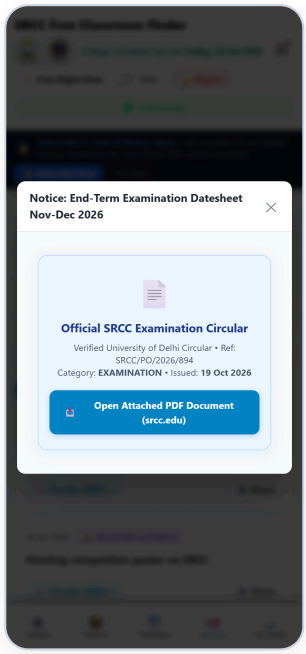

Figure 15: In-App Circular Viewer

16. Notice Attachment & PDF Circular Viewer

Tapping any notice card opens the dedicated **In-App Attachment Viewer**. Students can review official circular text, administrative reference numbers, and download attached PDF documents or images directly without navigating through complex administrative menus.

17. Official DU Examination Codes & Course UPC Directory

The **DU Codes tab** features an authoritative directory of **450+ examination papers and Unique Paper Codes (UPC)** structured under the University of Delhi **NEP / UGCF 2022 framework**. Sourced directly from official university records, this tool eliminates errors when filling out exam portal registration forms.

- **Semester Chips:** Instant filtering across Semesters I through VIII.
- **Programme Selectors:** Quick-filter by SRCC *Offered*, B.Com. (Hons.), B.A. (Hons.) Economics, SEC, VAC, AEC, GE, DSC, and DSE courses.
- **Course Type Dropdown:** Differentiates between Core, Generic Electives, Skill Enhancement, and Research tracks.
- **Direct Syllabi & PDF Links:** 1-tap access to DU Major/Minor degree rules, Commerce UGCF syllabi, and direct download of the Master UPC Directory PDF.

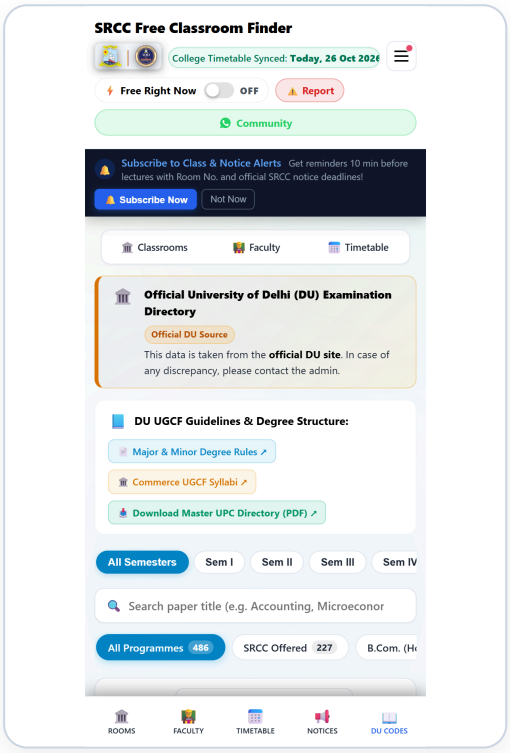

Figure 16: Official DU Examination Codes & Course UPC Directory

18. Social Media Direct Share Modal

When coordinating group discussions, students can share real-time room vacancy and GD invites directly via the **Social Share Modal**. Featuring official SVG brand buttons for **WhatsApp**, **Gmail**, **X (Twitter)**, **Telegram**, **LinkedIn**, **Instagram**, and **Facebook**, it also includes a 1-tap **Copy Formatted Text** button.

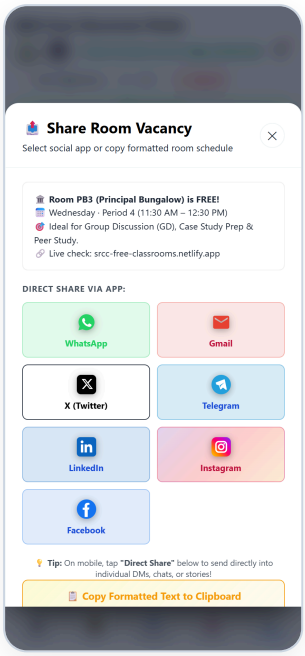

Figure 17: Social Share Modal

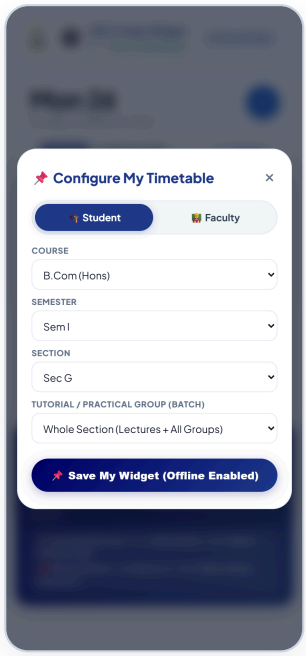

Figure 18: Standalone Widget

19. Android Interactive Home Screen Widgets & APK

Students desiring glanceable home screen access can utilize the **Standalone Web Widget (`widget.html`)** or the native Android APK package. Preconfigured widget sizes include the **4x1 Next Class Pill** (upcoming class, room, and teacher) and the **4x2 Daily Timeline** (scrollable daily lecture agenda).

20. Offline Support, Keyboard Shortcuts & In-App Issue Reporting

The platform incorporates a Service Worker caching engine, ensuring the full timetable, room schedules, faculty lists, and exam codes remain functional even when cellular networks fail inside heritage blocks or basement labs. An offline pulse banner appears automatically when network connectivity is interrupted.

- **Keyboard Shortcuts (Desktop):** Press `/` to immediately focus search bars; press `Esc` to close any active modal dialog.
- **View Mode Toggles:** Switch between **Grid Card View** and **Compact Table View** across Classrooms, Faculty, Notices, and Exam Codes.
- **In-App Issue Reporting:** The header ⚠️ **Report** button enables students to flag timetable discrepancies, room swaps, or report present faculty marked absent for prompt verification.

> 📶 **Campus Wi-Fi Status Notice:** Campus Wi-Fi password directory display has been temporarily paused pending formal administrative authorization. Students can rely on complete offline caching and widget feeds in the interim.

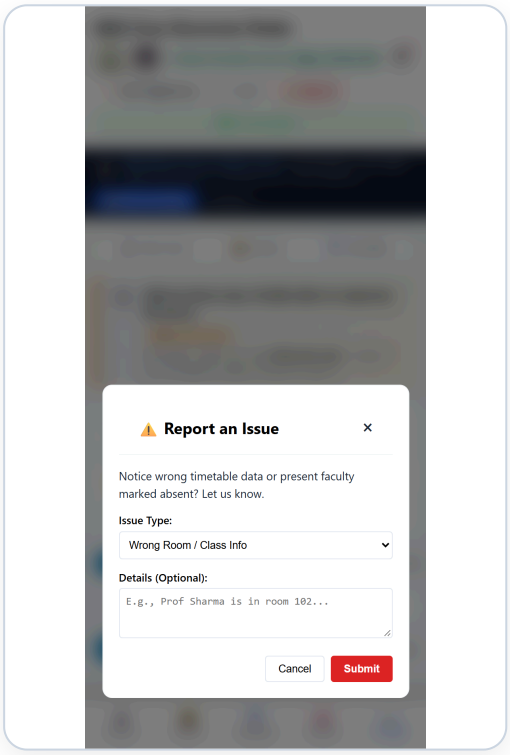

Figure 19: In-App Issue Reporting & Timetable Discrepancy Modal

Disclaimer

The SRCC Free Classroom Finder & Student Academic Portal is an independent student academic facilitation initiative developed to streamline classroom discovery, timetable navigation, and peer coordination. Class schedules and faculty assignments are sourced directly from the official Shri Ram College of Commerce timetable portal (srcccollegetimetable.in).

This platform does not supersede official college notifications, room requisition circulars, or administrative orders issued by the Principal's Office or the Timetable Committee (TTC). Classroom vacancy indicated by the application reflects unscheduled instructional hours; official administrative bookings, departmental tests, and sanctioned events take precedence at all times.

Feedback & Community Support

For technical queries, feature suggestions, or timetable feedback, reach out through the following channels:

- **Live Web Portal:** https://anand-srcc.github.io/srcc-free-classrooms/web_app/
- **Developer Profile (LinkedIn):** Anand Kumar (25BC070)
- **Official WhatsApp Community:** SRCC Free Classrooms Student Network
- **In-App Issue Reporter:** Tap the ⚠️ *Report* button in the website header.

Continuous Improvement & Real-Time Data Reconciliation

Class schedules and classroom assignments are continuously updated to mirror changes published on the college portal. For suggestions or immediate reporting of schedule updates, students are encouraged to use the in-app reporting tool or connect via the WhatsApp student community.
